CIO 2001-02-01 this book focuses on public procurement for innovation public procurement for innovation is a specific demand side innovation policy instrument it occurs when a public organization places an order for a new or improved product to fulfill certain need

The Procurement Value Proposition 2014-12-03 since the 1990s government at all levels is under increasing pressure to do more with less however despite the u s government spending about 15 to 20 percent of its gdp on contracts for goods and services there is a paucity of reference books for public procurement officials and very few textbooks for courses on the subject

filling this void the international handbook of public procurement provides the knowledge necessary to understand how procurement works and how to improve the cost effectiveness of procurement systems taking a multidisciplinary approach the book focuses on the managerial economic political and legal aspects of this topic it begins with a conceptual framework and highlights various reforms occurring in certain countries by examining these improvements readers are able to apply this knowledge to their own strategies the next section presents selected cases that illustrate the public procurement process examining systems in various nations including germany china south africa cambodia uganda and estonia the book also discusses the rise of electronic procurement systems e procurement and reviews the benefits of these efficient systems other topics presented in this comprehensive volume include practical discussions on contract negotiations bidding price strategies and cost analysis and an insightful chapter on the market s response to contract award announcements a virtual encyclopedia from numerous international experts this book was assembled by khi v thai professor at florida atlantic university and editor of the journal of public procurement dr thai has provided technical assistance in the area of public procurement to governments across the world empowering those on all sides of the issue this volume dispenses advice valuable to government officials and contractors as well as providing a comprehensive text for public administration students

CIO 2001-03-15 this book traces the development of purchasing and supply management from its origins as a tactical commercial function into a key strategic business process

D.C. Public School 1997 Repair Program and Facilities Master Plan 1998 infoworld is targeted to senior it professionals content is segmented into channels and topic centers infoworld also celebrates people companies and projects

Public Procurement for Innovation 2015-01-30 the inside story of the most expensive and controversial military program in history as told by those who lived it the f 35 has changed allied combat warfare but by the time it s completed it will cost more than the manhattan project and the b 2 stealth bomber it has been subject to the most aggressive cyberattacks in history from china russia north korea and others its stealth technology required nearly 9 million lines of code nasa s curiosity mars rover required 2 5 million and it was this close to failure f 35 is the only inside look at the most advanced aircraft in the world and the historic project that built it as told by those who were intimately involved in its design testing and production based on the authors personal experience and over 100 interviews f 35 pulls back the curtain on one of the most heavily criticized government programs in history from start to finish the dramatic flights that won lockheed martin the contract over boeing the debates and decisions over capabilities feats of software hardware and aeronautical engineering that made it possible how the project survived the nunn mccurdy breach the conflicts among all three branches of the u s military between the eight other allied nation partners and against spy elements from enemies for readers of skunk works by ben rich and the making of the atomic bomb by richard rhodes f 35 will pique the interest of airplane enthusiasts defense industry insiders military history aficionados political junkies and general nonfiction readers

Decisions of the War Department Board of Contract Adjustment 1920 this monograph is based primarily on data maintained in the main files of the office of the quartermaster general by the mail and records branch demobilization activities cut across all functions of the quartermaster corps and these files were supplemented by data obtained in particular branches such as the requirements branch of the military planning division the contract termination branch of the procurement division and the stock control branch of the storage and distribution division to correlate activities at the office of the quartermaster general and at the depots use was made of several monographs on depot activities prepared by historians at these installations the depot record was further supplemented by interviews with key personnel both military and civilian at the major procuring depots

Decisions of the Appeal Section, War Department Claims Board 1920 the december issue contains a cumulative list of decisions reported for the year by act docket numbers arranged in consecutive order and cumulative subject index by act
