The Power of And 2020-06-16 the idea that business is only about the money doesn't hold true in the twenty first century when companies around the world are giving up traditional distinctions in order to succeed yet our expectations for businesses remain under the sway of an outdated worldview that emphasizes profits for shareholders above all else the power of and offers a new narrative about the nature of business revealing the focus on responsibility and ethics that unites today's most influential ideas and companies r edward freeman kirsten e martin and bidhan l parmar detail an emerging business model built on five key concepts prioritizing purpose as well as profits creating value for stakeholders as well as shareholders seeing business as embedded in society as well as markets recognizing people's full humanity as well as their economic interests and integrating business and ethics into a more holistic model drawing on examples across companies industries and countries they show that these values support persevering in hard times and prospering over the long term real world success stories disprove the conventional wisdom that there are unavoidable trade offs between acting ethically and succeeding financially the power of and presents a conceptual revolution about what it means for business to be responsible providing a new story for us to tell in order to help all kinds of companies thrive

Beyond the Power of Now 2012-09 eckhart tolle is perhaps the most popular spiritual guru in the world his books have topped the new york times bestseller list and his core teaching achievement of liberation via the power of now has become the guiding light of the new age movement but according to l ron gardner author of beyond the power of now there is a problem a big problem with tolle's core teaching tolle never explains what exactly the power of now is is it the same thing as hindu shakti or the buddhist sambhogakaya or the christian holy spirit tolle doesn't say he continually refers to the bible and jesus in his book but shockingly never once mentions the holy spirit and how it relates to the power of now l ron makes it clear that the true power of now is the holy spirit which is the same divine light energy as hindu shakti and the buddhist sambhogakaya he explains and extolls the true power of now and castigates tolle for failing to identify and describe it to some eckhart tolle is a new age visionary describing a new earth that can materialize if mankind en masse awakens to the power of now but according to l ron gardner he is simply a histrionic ranter full of empty rhetoric throughout this book l ron continually points out from different angles the folly of tolle's new or now age chimera and describes the social system that represents mankind's sociopolitical salvation beyond tolle's teaching about the power of now and rhetoric about a new earth l ron takes the renowned guru to task on virtually every subject he addresses most significantly he rebuts his arguments that 1 emotions can be trusted more than thought 2 time is a mind created illusion 3 psychological time is insanity 4 the present moment is the now 5 the inner body is the direct link to the now 6 your cells stop aging when you live in the now 7 women are spiritually more evolved than men and 8 animals such as ducks and cats are zen masters eckhart tolle's teachings are replete with erroneous ideas and l ron gardner exposes the major flaws in his principal arguments while providing readers with integral solutions

The Power of the Brush 2020 prologue a story of letter writing in twenty first century korea letter writing in korean written culture the rise and fall of a spatial genre letters in korean neo confucian tradition epistolary practices and textual culture in the academy movement social epistolary genres and political news contentious performances in political epistolary practices epilogue legacies of the chosŏn epistolary practices

elucidate the semantic and conceptual depth of the line in european asian and islamic cultures and reveal the continuity and transformation of the line over the course of centuries as a constitutive element in architecture art and writing and as a medium of expression in choreography and scientific and technological fields publisher s website

The Power of Integrity 2017-07-25 the power of 10 is a practice for engaging our voice of wisdom through inquiry and advocacy inquiry raises our awareness of what is through inviting us to examine our current state of being advocacy prompts us to live into what is possible together inquiry and advocacy evoke the voice of wisdom the quiet still voice inside us the confluence of knowledge experience and insight flowing through all living beings that speaks through our bodies hearts and minds as we learn to listen to it closely our voice of wisdom reveals our true nature and purpose calls on us to commit to something greater and guides us toward being our best selves in every thought word and action at its heart the power of 10 sensitizes us to our own unique purpose and helps us discover that spark of the divine at the core of our being put simply it is a practice for engaging your voice of wisdom to become the greatest you the you who is meant to be

The Power of Proximity 2015 examines a new form of power in contemporary global political economy focusing on the hybrid authority of standards in the globalisation of services this book is also available as open access

The Power of Line 2015 intuition is not some magical property that arises unbidden from the depths of our mind it is a product of long hours and intelligent design of meaningful work environments and particular rules and principles this book shows us how we can hone our instinctive ability to know in an instant helping us to bring out the best in our thinking and become better decision makers in our homes offices and in everyday life just as he did with his revolutionary theory of the tipping point gladwell reveals how the power of blink could fundamentally transform our relationships the way we consume create and communicate how we run our businesses and even our societies you ll never think about thinking in the same way again

The Power of 10 2019-07-11 by far the most important single factor in world history has been the process of technological revolution whereby small scale agricultural societies have been transformed into massive industrialized and urbanized communities this development has occurred over a long period of time but its greatest thrust has been concentrated over the last two centuries beginning in the west in europe and north america and then spreading through the rest of the world the author systematically analyses this process showing how increasing mastery over sources of power provided increased industrial and agricultural productivity and created radically new methods of transport and communication he then examines the impact of these technical achievements on society paying special attention to the political and ecological consequences of a vastly increased world population the facilities for rapid transport and instantaneous communication and the possession of weapons of immense destructive force

The Power of Standards 2006-02-23 how biodiversity classification with its ranking of species has social and political implications as well as implications for the field of information studies the idea that species live in nature as pure and clear cut named individuals is a fiction as scientists well know according to robert d montoya classifications are powerful mechanisms and we must better attend to the machinations of power inherent in them as well as to how the effects of this power proliferate beyond the boundaries of their original intent we must acknowledge the many ways our classifications are implicated in environmental ecological and social justice work and information specialists must play a role in updating our notions of what it means to classify in power of position montoya shows how neural network classifications are systems that relate one entity with programming with java requiring those who construct a system to value an entity create and unleash the importance by way of its position within a system of power or influence these

practices says montoya are important ways of constituting and exerting power classification also has very real world consequences an animal classified as protected and endangered for example is protected by law montoya also discusses the catalogue of life a new kind of composite classification that reconciles many local traditional taxonomies forming a unified taxonomic backbone structure for organizing biological data finally he shows how the theories of information studies are applicable to realms far beyond those of biological classification

Blink 1992 everyone has heard of the minotaur in the labyrinth on crete and many know that the greek gods would adopt the guise of a bull to seduce mortal women but what lies behind these legends the power of the bull discusses mankind s enduring obsession with bulls the bull is an almost universal symbol throughout indo european cultures bull cults proliferated in the middle east and in many parts of north africa and one cult mithraism was the greatest rival to christianity in the roman empire the cults are divergent yet have certain core elements in common michael rice argues that the ancient bulls were the supreme sacrificial animal an examination of evidence from earliest prehistory onwards reveals the bull to be a symbol of political authority sexual potency economic wealth and vast subterranean powers in some areas representations of the bull have varied little from earliest times in others it has changed vastly over centuries this volume provides a well illustrated and accessible analysis of the exceptionally rich artistic inheritance associated with the bull

The Power of the Machine 2022-05-24 n medieval and early modern europe the use of charms was a living practice in all strata of society the essays in this latest ceu press publication explore the rich textual tradition of archives monasteries and literary sources the author also discusses texts amassed in folklore archives and ones that are still accessible through field work in many rural areas of europe

Power of Position 1987 the new millennium finds humanity situated at critical crossroads while there are many hopeful signs of cross cultural engagement and democratic dialogue it is equally the case that the challenges of warfare and injustice continue to plague nations and communities around the globe against this backdrop there exists a powerful mechanism for transforming crises into opportunities the philosophy and practice of nonviolence the expert authors brought together in this volume collectively deploy the essential teachings of nonviolence across a spectrum of contemporary issues from considering the principles of the french revolution and encouraging peace through natural resource management to exploring multiculturalism and teaching peace in the elementary classroom this work is broad in scope yet detailed in its approach to the fundamental principles of nonviolence
