2018-12-28

this book is focused on educational leadership in classrooms and schools

School Teachers' Review Body twenty-second report - 2013

2013-06-27

in this 22nd report the review body was asked to consider how to apply teachers pay the government's average 1 percent pay uplift policy which applies across the public sector this remit follows a two year pay freeze and the government has made clear there will be two further years of pay restraint for the public sector as a whole in light of the review body's 21st report the education department published advice to schools on revising their approach to pay september 2013 will be the last time annual pay increments will be awarded to teachers based on length of service thereafter schools will be free to make individual progression decisions based on appraisal with points retained for reference only on the main pay scale the department has said there was no additional funding for schools to cover the 2013 pay award in the area of recruitment and retention the body suggested there were some emerging areas of concern including competitive pressures especially in urban areas the review body has given particular weight to the need for simplicity so schools can concentrate on preparing for implementation of proposals in the last report and also the need to provide some underpinning support for the teacher labour market as a whole they recommend an increase of 1 percent from september 2013

Improving Teaching Effectiveness

2016-06-06

to improve the u s education system through more effective classroom teaching in school year 2009 2010 the bill and melinda gates foundation announced its intensive partnerships for effective teaching researchers from the rand corporation and the american institutes for research evaluated implementation of key reform elements of the program in three public school districts and four charter management organizations

the state teacher policy yearbook presents the most detailed analysis available of each state s performance against and progress toward a set of specific research based teacher policy goals aimed at helping states build a comprehensive policy framework in support of teacher effectiveness in this seventh installment of the yearbook most states received their highest grades to date over the past five years 37 states have improved their overall teacher policy grades by at least one full grade level because of significant reform particularly in the areas of teacher evaluation and related teacher effectiveness policies an overall grade is provided in the state summaries section as well as a grade for each of these five areas 1 delivering well prepared teachers 2 expanding the teaching pool 3 identifying effective teachers 4 retaining effective teachers and 5 exiting ineffective teachers

Teacherpreneurs

2013-08-12

we need a bold new brand of teacher leadership that will create opportunities for teachers to practice share and grow their knowledge and expertise this book is about teacherpreneurs highly accomplished classroom teachers who blur the lines of distinction between those who teach in schools and those who lead them these teacherpreneurs embody the concept that teachers can teach as well as lead the transformation of teaching and learning it s about empowering expert teachers who can buoy the image of teaching and enforce standards among their ranks while all along making sure that their colleagues as well as education policymakers and the public know what works best for students the book follows a small group of teacherpreneurs in their first year we join their journey toward becoming teacher leaders whose work is not defined by administrative fiat but by their knowledge of students and drive to influence policies that allow them and their colleagues to teach more effectively the authors trace the teacherpreneurs steps and their own in the effort to determine what it means to define and execute the concept of teacherpreneurism in the face of tough demands and resistant organizational structures

The Teacher of the 21st Century

In Teachers We Trust: The Finnish Way to World-Class Schools

2021-03-23

seven key principles from finland for building a culture of trust in schools around the world in the spring of 2018 thousands of teachers across the united states in states like oklahoma kentucky and arizona walked off their jobs while calling for higher wages and better working conditions ultimately these american educators trumpeted a simple request treat us like professionals teachers in many other countries feel the same way as their us counterparts in teachers we trust presents a compelling vision offering practical ideas for educators and school leaders wishing to develop teacher powered education systems it reveals why teachers in finland hold high status and shows what the country s trust based school system looks like in action pasi sahlberg and timothy d walker suggest seven key principles for building a culture of trust in schools from offering clinical training for future teachers to encouraging student agency to fostering a collaborative professionalism among educators in teachers we trust is essential reading for all teachers administrators and parents who entrust their children to american schools

Teachers and Teacher Unions in a Globalised World

2018-06-13

teachers and teacher unions in a globalised world asks a series of pressing questions of teacher educators teachers and teacher unions worldwide in this era of global capitalism as governments around the world support austerity politics in the face of financial meltdowns social inequalities terrorist threats climate catastrophe wars and mass migrations the book questions whether practitioners in teaching and teacher education are succumbing to pressures to dismantle their nation state systems of education the authors present a clearly argued case in ireland for teachers and teacher educators organising to realise their moral and social responsibilities of free and fair schooling for all when it is most needed as well as insisting on policy debates about a free publicly funded school system at a time when teachers are feeling overwhelmed with workload and frustrated by the visible turning of events away from the historical record the book emphasises the importance of practitioner research in informing decisions about a strategic and democratic way forward for education around the globe teachers and teacher unions in a globalised world will be of great interest to academics and researchers in the field of education as well as teacher educators practitioners and policymakers

Supporting Teachers: Improving Instruction

2019

in the last decades progress in the field of pre service and in service teacher education has been evident despite the developments of curriculum programs models and designs various challenges are shaping the field models of teacher education are usually presented as research based but related research is often invisible or fragmented the support for teachers and the improvement of instruction are only loosely coupled and their interdependence is not highlighted these challenges were the impetus to initiate this publication individual approaches models or designs of pre service and in service teacher education developed by the authors action research video clubs lesson studies and others are introduced and their impact and shortcomings for further development are specified in the concluding chapter a reflective discussion across individual approaches to reveal particular issues that are shaping the field is provided practitioners as well as researchers in the field of teacher education can benefit from this book

Teachers and Academic Partners in Urban Schools

2016-03-02

showing how critical thinking and local democracy can be a spur to very real educational development within schools that are facing severe challenges this book provides us with one very valuable contemporary resource of hope ian menter professor of teacher education university of oxford uk teachers and academic partners in urban schools identifies and addresses a major problem for practitioners teachers student teachers and teacher educators working in urban schools burdened by highly restrictive teaching methods and pressures to meet unrealistic benchmarks set by government in this book lori beckett investigates how to negotiate these tensions and challenges and offers an account of how to elevate practitioners professional voice on quality teaching along more democratic lines the book addresses key issues for teachers in urban schools such as fractures in teachers professional communities impacts of imposed marketizing policies and forced performative practices on schools the complexities of teaching and teachers concerns about practice as well as teaching practitioners perception of educational schools policy both academic and teacher partners contribute to the work showcasing the ways they have engaged with each other in joint work and with local government through this the book supports a professional and politicized dialogue about teaching and teacher education offering a meaningful account of how to fashion a form of educative schooling for students and families with complex needs written by a dynamic and experienced author this book brings beckett s experience to bear on a controversial and complex area addressing the general trend towards increased regulatory policy in education it is an essential read for anyone interested in a rich analysis of how practitioners can work to reassert their professional voice and regain control of schools and teacher education and will also appeal to those interested in the larger project of restoring school democracy

New Insights from TALIS 2013

2014-12-09

the teaching and learning international survey talis asks teachers and principals who they are where they teach and how they feel about their work the results on lower secondary schools were published in talis 2013 results an international perspective on teaching and learning a few countries chose to also conduct the survey in primary and or upper secondary education this report presents the results of these options and offers a broader view of teachers and school principals across all levels of compulsory education and all the similarities and differences in the issues they are facing

Teaching Students who are Gifted and Talented

2013

given the academic benefits of assessment driven teaching and the growing accountability context of educational systems around the world there is a rapidly developing need to educate teachers in effectively using assessments to promote monitor and report on student learning however assessment has historically been a neglected area in teacher education programmes and empirical research has consistently shown assessment as an area of challenge for many teachers while there is an increased focus across teacher education and professional literature on enhancing the assessment capacity of educators there remains little empirical research on innovative and data based strategies to effectively achieve this goal the purpose of this text is to consolidate existing research on assessment education and to provoke innovative and effective approaches to educating teachers and teachers in training about assessment given the dearth of relevant research this text also considers the matter of retention and extension of initial assessment learning into teaching careers combined the articles in this text provide a foundation for novel thinking about developing teachers assessment capacity from pre service to in service contexts this book was originally published as a special issue of assessment in education

Developing Teachers' Assessment Capacity

2019-12-13

the responsibility for facilitating effective continuing professional development cpd is based firmly in schools frequently decisions are based on gut feeling advertisements received or prior experiences effective teacher development encourages readers to move beyond this and to enhance their strategic decision making in order to effectively develop cpd programmes within their school partner schools federations or school chains the theory behind cpd is explored drawing on research and evidence from recent practice including a 10 year international longitudinal study of the effectiveness of professional development to teachers readers are supported to develop their understanding of the whole life cycle of a cpd programme from setting up a new programme to evaluating the effectiveness of existing provision chapter summaries and navigational tools support readers looking for guidance on particular issues and questions encourage readers to reflect on the impact of suggestions in their own particular context effective teacher development is essential reading for all involved in designing implementing and developing effective cpd programmes
